

# EPS RECYCLING

## ACCEPTABLE:

Computer packaging (white Styrofoam™) Please remove all plastic bags and labels.

Furniture packaging (white Styrofoam™)

White Styrofoam™ from appliance packaging

Unused Hot/Cold EPS cups

Packaging peanuts (non-water soluble only)

Polystyrene labeled #6

## NOT ACCEPTABLE:

Styrofoam™ packaging with mailing labels or tape

Foam trays or carry-out containers previously contaminated with food.

Solid polystyrene products like food trays.

**LEON COUNTY RECYCLING** now offers businesses and residents EPS recycling at no cost!  
**Bring your CLEAN polystyrene to Electronics Recycling at the Solid Waste Management Facility.**

*Expanded Polystyrene/EPS—brand name: Styrofoam™ - is 98% air and 2% plastic. Research shows 98% of all polystyrene produced is landfilled and takes up 25%-30% of landfill space.*

Plastic bottles, paper and cardboard, and aluminum and tin are commonly recycled in the United States, however, recycling of EPS is not. Leon County Recycling would like to change this by encouraging businesses and residents to bring us **CLEAN EPS**. Read the list on the left to see what is and is not acceptable. Schedule your EPS drop-off with Cyndy Brantley to ensure free disposal and recycling.
